

music of a timeless the sea

a galactic exploration through celestial harmonics
totally new concept sound of the mind

music by Hibiki Tokiwa from Voyage Frequencies.

A1 Timeless The Sea 02:40

B1 Perfect Mental Harmony 01:40

B2 my mind was different 00:58

I think a clue to open another dimension of the door. And finally understood. It's a journey into a golden world. Listen to this music and meditate deeply. The fusion of everything on earth, the complete evolution of the spirit. Everything is there.

This record is made using one record cutting machine that Hibiki Tokiwa himself created as an appendix to the magazine "Otona no Kagaku". Thanks to many famous and unknown record creators, musicians and artists.
